PRE-TAX PARKING/TRANSPORTATION BENEFIT – WHAT IS IT?

The Internal Revenue Service allows a transportation fringe benefit similar to the pre-tax flexible spending accounts available for medical expenses and dependent care. In other words, you can set aside money for parking that will not be taxed (Federal, State, Social Security) One important difference, however, is the transportation benefit does not include a “use it or lose it” feature as with the medical/dependent care flexible spending accounts.

HOW IT WORKS:

The individual employee elects to set aside a certain amount of pre-tax salary each pay period (no more than $175.00 per month, or $80.77 per biweekly pay period for parking expenses).

To renew your current UVA Parking Permit, submit your original parking invoice form showing the amount for parking with a Completed Payroll Deduction form. UVA Physicians Group will issue you a check for the amount of your parking permit. Take this check to UVA Parking & Transportation. For new UVA parking spaces, you will have to pay for your space up-front at UVA Parking & Transportation. Submit the attached UVA Physicians Group Reimbursement Request and UVA Physicians Group Payroll Deduction form with your original receipt.

If you pay monthly for a private parking space, as expenses are incurred, turn in a completed reimbursement form and original receipt for parking. UVA Physicians Group will issue you a check for the amount you paid. Submit the attached UVA Physicians Group Reimbursement Request monthly and the UVA Physicians Group Payroll Deduction form upon enrollment.
